

ULTIMATE ENGINE PROTECTANT

ULTIMATE AUTOMOTIVE PRODUCTS

PART# UE503

FACT SHEET

The **Ultimate Automotive Products Ultimate Engine Protectant** is a high-performance engine treatment designed to optimize your vehicle's performance and extend its lifespan. Formulated with advanced additives, this product enhances engine efficiency by reducing friction, preventing oil breakdown, and minimizing wear and tear. Whether you're looking for improved fuel economy, increased engine longevity, or enhanced performance, Ultimate Engine Protectant is the ultimate choice for automotive care.

Advantages

- **Boosts Compression:** Enhances engine compression for improved power and overall performance.
- **Improve Fuel Mileage:** Maximizes fuel efficiency, saving you money at the pump.
- **Reduces Friction and Wear:** Minimizes metal-to-metal contact, prolonging engine life.
- **Prevents Oil Breakdown:** Protects against thermal and chemical degradation of engine oil.
- **Minimizes Oil Consumption:** Helps maintain optimal oil levels for longer intervals.
- Add Ultimate Engine Protectant to your engine during an oil change.
- Suitable for use with both conventional and synthetic oils.
- Compatible with gasoline and diesel engines, as well as turbocharger systems.

Features

- **Compression Optimization:** Increase cylinder compression for better engine performance.
- **Friction Reduction Technology:** Coats engine components with a protective film to reduce wear.
- **Oil Consumption Control:** Reduce oil burn-off, ensuring efficient engine operation.
- **Thermal Stability:** Prevents oil breakdown even under extreme heat or stress.
- **Oil Consumption Control:** Reduces oil burn-off, ensuring efficient engine operation.
- **Broad Compatibility:** Works with a wide range of vehicles, including high-performance and heavy-duty engines.

Choose **Ultimate Automotive Products Ultimate Engine Protectant** to keep your engine running smoothly, efficiently, and reliably for years to come.
