

# ULTIMATE UNIVERSAL CVT FLUID

## ULTIMATE AUTOMOTIVE PRODUCTS

PART# UTC73G

# FACT SHEET

The **Ultimate Automotive Products Ultimate Universal CVT Fluid** is a premium full synthetic continuously variable transmission fluid engineered to provide smooth operation, superior protection, and long service life across a wide range of CVT applications. Formulated with advanced friction control and anti-wear technology, this fluid helps protect belts, pulleys, and internal components while maintaining consistent performance under varying driving conditions.

## Advantages

- **Restore Smooth Operation:** Helps provide smooth ratio changes and consistent performance.
- **Protect CVT Components:** Reduces wear on belts, pulleys, and internal components.
- **Heat and Oxidation Resistance:** Maintains fluid stability under high operating temperatures.
- **Extended Fluid Life:** Resists breakdown, varnish, and sludge formation.
- **Improve CVT Efficiency:** Enhances lubrication and friction characteristics required for proper CVT operation.
- **Noise and Vibration Reduction:** Helps minimize whining, shudder, and harsh CVT operation.
- **All-Climate Performance:** Maintains excellent flow characteristics in both hot and cold conditions.
- **System Safe:** Compatible with electronically controlled CVT systems when used as directed.

## Features

- **Full Synthetic CVT Fluid:** Provides long-lasting lubrication and protection.
- **Advanced Friction Control Technology:** Optimized for belt and pulley contact surfaces.
- **Anti-Wear Protection:** Reduces metal-to-metal contact to extend CVT component life.
- **Thermal Stability Enhancement:** Protects against heat-related fluid breakdown.
- **Oxidation and Deposit Control:** Helps prevent varnish and sludge formation.
- **Wide Application Coverage:** Designed to meet multiple OEM CVT performance requirements.

## Important Application Notice

Always verify vehicle compatibility by consulting the Ultimate Automotive Products application chart prior to use. Not all vehicles are approved for universal CVT fluid applications.

Invest in the **Ultimate Automotive Products Ultimate Universal CVT Fluid** for smooth performance, reliable protection, and confidence across a wide range of CVT applications. Drive with confidence and experience the difference!
