

ULTIMATE CVT PROTECTANT

ULTIMATE AUTOMOTIVE PRODUCTS

PART# UTC704

FACT SHEET

The **Ultimate Automotive Products Ultimate CVT Protectant** is a high-performance conditioning and protection solution designed specifically for continuously variable transmissions. Formulated to enhance CVT fluid performance, this protectant conditions internal components, improves lubrication, and provides long-lasting protection against heat, wear, and fluid breakdown to support smooth and reliable CVT operation.

Advantages & Usage

- **Restore Smooth Operation:** Enhances CVT performance by improving lubrication and friction control.
- **Extend CVT Life:** Helps reduce wear on belts, pulleys, and internal components.
- **Condition Internal Components:** Helps maintain seal elasticity and proper hydraulic pressure.
- **Heat Protection:** Improves thermal stability to help prevent overheating and fluid breakdown.
- **Noise and Vibration Reduction:** Helps minimize whining, chatter, and shudder.
- **Enhance Fluid Performance:** Improves lubrication and friction characteristics of CVT fluid.
- **Protect Against Oxidation:** Helps prevent varnish and deposit formation.
- **System Safe:** Will not harm CVT belts, pulleys, seals, or electronically controlled components.

Features

- **High-Performance CVT Conditioner:** Enhances fluid stability and long-term performance.
- **Friction Control Enhancement:** Optimizes friction properties required for proper CVT operation.
- **Anti-Wear Protection:** Reduces metal-to-metal contact to extend component lifespan.
- **Seal Conditioning Technology:** Helps maintain seal flexibility and reduce fluid leaks.
- **Thermal Stability Enhancement:** Helps protect CVT systems under high operating temperatures.
- **CVT-Compatible Formula:** Safe for use with OEM-approved CVT fluids and modern CVT systems.

Invest in the **Ultimate Automotive Products Ultimate CVT Protectant** to protect your CVT, enhance fluid performance, and extend transmission life. Drive with confidence and experience the difference!
