

ULTIMATE ODOR ELIMINATOR

ULTIMATE AUTOMOTIVE PRODUCTS

PART# UA101

FACT SHEET

The Ultimate Automotive Products Ultimate Odor Eliminator is a professional-grade solution designed to neutralize and eliminate stubborn odors in vehicles. Unlike traditional air fresheners that mask unpleasant smells, this advanced formula targets and neutralizes odor-causing contaminants at their source. Safe for all types of vehicles, it's engineered to provide a cleaner, fresher, and healthier driving environment.

For optimal application, use with the **Ultimate Automotive Products Misting Gun** (sold separately) to ensure even distribution and thorough treatment of the vehicle's interior and A/C system.

Advantages

- **True Neutralization:** Completely eliminates odors, rather than just covering them up.
- **Health-Focused:** Neutralizes contaminants and allergens that can pose health risks.
- **Universal Compatibility:** Safe for all vehicle interiors and air conditioning (A/C) systems.
- **Long-Lasting Freshness:** Provides a lasting clean scent and fresher air.
- **Ease of Use:** Simple application that treats the entire interior and A/C system with one bottle.
- **Enhanced Efficiency:** Achieve professional-grade results with the Ultimate Automotive Products Misting Gun.

Usage

1. **For Interior Surfaces:** Spray or mist evenly on fabric, upholstery, carpet, and other interior surfaces to neutralize odors at their source.
2. **For A/C System Treatment:** Follow the instructions to apply directly into the air conditioning vents or intake to eliminate odors and contaminants throughout the system.
3. **For Enhanced Application:** Use the Ultimate Automotive Products Misting Gun for even and efficient coverage.
4. **For Comprehensive Freshness:** Use regularly or as needed to maintain a clean, odor-free vehicle.

Features

- **Safe for All Vehicles:** Formulated for use in cars, trucks, SUVs, and more.
- **Multi-Purpose Application:** Treats both A/C systems and all interior surfaces with a single product.
- **Health-Conscious Formula:** Targets contaminants that may cause respiratory issues or other health concerns.
- **Quick and Effective:** Works quickly to deliver noticeable results in minutes.
- **Eco-Friendly:** Biodegradable and environmentally safe ingredients.
- **Convenient Packaging:** Easy-to-use spray bottle for precise and mess-free application.
- **Compatible Equipment:** Designed for use with the Ultimate Automotive Products Misting Gun (sold separately) for optimal performance.
