

ULTIMATE THROTTLE BODY & AIR-INTAKE CLEANER

PART# UF603

FACT SHEET

The **Ultimate Automotive Products Ultimate Throttle Body & Air-Intake Cleaner** is a professional-grade aerosol cleaning solution designed to remove carbon buildup, varnish, and contaminants from throttle bodies and air-intake components. Formulated to restore proper airflow and throttle response, this cleaner helps eliminate rough idle, hesitation, and poor drivability caused by intake system deposits. The easy-to-use aerosol spray allows direct application into the throttle body for fast, effective cleaning.

Advantages

- **Restore Throttle Response:** Helps improve acceleration and throttle sensitivity by removing airflow restrictions.
- **Improve Idle Quality:** Reduces rough idle, stalling, and hesitation caused by carbon buildup.
- **Clean Air-Intake Components:** Removes carbon and deposits from throttle plates, bores, and intake passages.
- **Enhance Engine Performance:** Supports smoother operation and improved drivability.
- **Reduce Emissions:** Helps engines run cleaner by restoring proper air-fuel mixture control.
- **Fast and Effective Application:** Aerosol spray delivers cleaner directly into the throttle body.
- **Prevent Deposit Buildup:** Helps reduce future carbon accumulation when used as part of regular maintenance.
- **System Safe:** Will not harm sensors, seals, catalytic converters, or coated throttle bodies when used as directed.

Features

- **Professional-Grade Aerosol Formula:** Delivers powerful cleaning action in a convenient spray application.
- **Carbon and Varnish Removal:** Breaks down stubborn intake system deposits quickly and safely.
- **Throttle Body Safe Chemistry:** Designed for use on electronic throttle bodies and modern intake systems.
- **Quick-Drying Formula:** Leaves no residue behind after cleaning.
- **Oxygen Sensor Safe:** Will not contaminate oxygen sensors or emission components.
- **OEM-Compatible Formula:** Safe for gasoline engines and modern air-intake systems.

Invest in the **Ultimate Automotive Products Ultimate Throttle Body & Air-Intake Cleaner** to restore airflow, improve throttle response, and maintain smooth engine performance. Drive with confidence and experience the difference!
