ULTIMATE TRANSFER CASE GEAR OIL

PART# UGTC32/64

FACT SHEET

The **Ultimate Automotive Products Ultimate Transfer Case Gear Oil** is a premium full synthetic gear lubricant engineered to protect transfer cases, manual transmission transaxles, and gear-driven driveline components. Designed to deliver superior lubrication, heat resistance, and wear protection, this gear oil ensures smooth operation and long-lasting performance under a wide range of driving and load conditions.

Advantages

- **Reduce Wear and Friction:** Minimizes metal-to-metal contact to extend component life.
- **Heat Protection:** Maintains viscosity and protection under high operating temperatures.
- **Smooth Operation:** Promotes smooth shifting and quiet transfer case operation.
- **Extend Component Life:** Helps prevent premature wear and costly repairs.
- **Cold Weather Performance:** Maintains excellent flow characteristics in cold temperatures.
- **Oxidation Resistance:** Resists breakdown, sludge, and varnish formation.
- **Multi-Application Use:** Suitable for manual transmission transaxles and transfer case gear lube applications.

Features

- **Full Synthetic Gear Oil:** Delivers long-lasting lubrication and protection.
- **Extreme Pressure Protection:** Formulated to handle high-load and torque conditions.
- **Thermal Stability:** Resists thinning and breakdown at elevated temperatures.
- **Corrosion Protection:** Protects metal surfaces from rust and oxidation.
- **Shear Stability Technology:** Maintains viscosity under stress.
- **OEM-Compatible Formula:** Meets or exceeds OEM specifications where gear oil is required.

*Invest in the **Ultimate Automotive Products Ultimate Transfer Case Gear Oil** for smooth operation, maximum protection, and dependable driveline performance in all driving conditions.*
